Each day we will serve the poor either in the homeless shelter or at the childcare center. We'll come back to our hotel in the afternoon where we will have Mass and reflection together. Then we will head out into the town to have dinner at a neat restaurant before having a fun adventure in the evening. Fun activities might include taking in a baseball game, or going to a fun touristy attraction.

Youth will be able to participate in various fundraisers to help pay for the trip but also to build community. The Knights of Columbus have asked us to help serve the breakfasts that happen once a month. The more you put into fundraising, the more you will receive towards your trip.
